Dear Ron:

Re: Personnel and/or Payroll Forms

The retirement money which was budgeted for you will be added to your salary. This will allow you to have it put in a 401k account if you want. When the retirement money is added to the salary the total would indicate you should be on the state retirement system. The simplest way to clear up this confusion for the Retirement Office is to have you fill out and return the enclosed exemption form. Could you please get it back as soon as possible.

Hopefully next year the water users will increase the budget so you can be fully enrolled in the retirement program.

Sincerely,

Lee H. Sim, P. E.
